

# Changes to ISO 17025: 2017

**ISO 17025: 2017 has been released**

**Is your laboratory ready for the dawn  
of the new standard?**

Are you aware of the changes and how they will affect your lab? Can you handle the new requirements?

- Change to risk based approach
- Demonstration of impartiality
- Alignment with ISO9001
- Impact on BRC requirements
- Statements of conformity
- Managed by production/process
