Recent developments in the bakery industry

5th International bakery technology conference

Media partner: BAKINGEUROPE

Sponsors: AAK, Baker Perkins, Holmach Ltd, Niacet/IMCD, Rondo Ltd and Stable Micro Systems

Venue: Campden BRI, Chipping Campden, Gloucestershire, GL55 6LD, UK

Event director: Gary Tucker

19-20 May 2020
5th international bakery technology conference

Recent developments in the bakery industry

Event director: Gary Tucker

The conference will bring together all parts of the bakery chain, from wheat and ingredient suppliers, equipment manufacturers, through to retailers and bakeries and companies supplying product testing equipment.

The focus will be on recent developments and challenges to the bakery sector. Supported by one keynote presentation and a programme of talks from industry and academic experts, there will be the opportunity to network, view exhibits and tour our site.

The conference will end with a working demonstration of the RevTech processing unit for pasteurising and changing functionality of cereal grains.

Presentations will be on all aspects of the baking process, with technical sessions divided into themes:

- Ingredients - enzymes, fats and oils, fibre, flavours and raising agents
- Waste - strategies for managing and reduction
- Processing - sheeting, depositing, mixing and pre-processing of cereal ingredients

The benefits and who should attend?

Anyone involved in the bakery chain who has a need to understand the baking process. Presentations will have technical content and will be commercially relevant to baking technology.

Programme

Programme is correct at time of print

Full up-to-date programme details, sponsors, presenter information, location and online registration at www.campdenbri.co.uk/bakery-technology-conference.php

Day 1  Tuesday 19 May 2020
