## Job Profile

### Chromatography Group Manager Chromatography Section Chemistry & Biochemistry Department

For enquiries concerning this job, please contact:

Karen Hyslop  
Human Resources Department  
Campden BRI  
Station Road  
Chipping Campden  
Gloucestershire  
GL55 6LD

Telephone: +44(0)1386 842124  
Email address: [karen.hyslop@campdenbri.co.uk](mailto:karen.hyslop@campdenbri.co.uk)  
Web site address: <http://www.campdenbri.co.uk>

Campden BRI provides scientific, technical, and legislative support to the food, drinks and allied industries worldwide. The practical application of technical excellence lies at the heart of all that we do and is supported by our industry-leading facilities, expertise and knowledge.

From analysis and testing and operational support to knowledge management, all our activities are built on an extensive programme of research and innovation steered by industry to ensure maximum commercial relevance.

We provide services to companies all along the supply chain, but offer discounts, access to expert advice and other benefits for those that come into membership. Many of our clients are major blue chip companies and household names.

## **Locations**

The Campden BRI Group operates from three sites in the UK and a fourth in Hungary. The role as advertised will be based at the Chipping Campden site but could require from time to time travel to other Group sites.

The site in Chipping Campden employs 300 full or part-time staff. A further 50 staff are employed at the site at Nutfield, Surrey and 20 staff are employed at our site in Budapest, Hungary. We also have a Consumer Test Centre in Leamington Spa.

## **Department**

The Chemistry & Biochemistry Department comprises around 50 staff from a wide range of disciplines. It provides essential services to industry through a wide range of analytical testing and research activities. The Department is organised into four operational sections: Chromatography, Biochemistry, Microscopy, and Food Composition.

### **Chromatography Section**

The Chromatography Section comprises several teams of analytical chemists testing food samples for chemical contaminants and nutritional components using a variety of techniques.

### **Duties and responsibilities:**

### **Qualifications and competencies**

### **Key skills**
