Campden BRI provides scientific, technical, and legislative support to the food, drinks and allied industries worldwide. The practical application of technical excellence lies at the heart of all that we do and is supported by our industry-leading facilities, expertise and knowledge.

From analysis and testing and operational support to knowledge management, all our activities are built on an extensive programme of research and innovation steered by industry to ensure maximum commercial relevance.

We provide services to companies all along the supply chain, but offer discounts, access to expert advice and other benefits for those that come into membership. Many of our clients are major blue-chip companies and household names.

Locations

The Campden BRI Group operates from three sites in the UK and a fourth in Hungary. The role as advertised will be based at the Nutfield site but could require from time to time travel to other Group sites.

The site in Chipping Campden employs 300 full or part-time staff. A further 50 staff are employed at the site at Nutfield, Surrey and 20 staff are employed at our site in Budapest, Hungary. We also have a Consumer Test Centre in Leamington Spa.

Department

It is an exciting time to join Campden BRI as we are experiencing considerable economic success and growth, and have been actively investing millions into the staff, equipment and infrastructure at our sites. With wide support from clients in the food and drink industry around the world, and a £2.5 million membership programme supporting research and development, we are constantly improving our services, knowledge and expertise. As such, this role is an excellent opportunity to join one of the premier Food and Drink organisations.

Our commercial success has also been reflected in our Regulatory Affairs department, which is widely recognised for its expertise in the interpretation and commercial application of International and UK food law. Its reputation has grown steadily over the past decade, notably as a result of successful innovative high-profile work for the public, private and third sectors. The challenge for the department is to continue to grow, innovate and improve our regulatory services, driven by our strong team of expert staff and continuing investment from the business.

This role is key to our expansion and growth in supporting food companies with their regulatory compliance. The role will involve leading and managing a team of International Regulatory affairs advisors delivering exceptional value and advice in this area to our clients.

Duties and responsibilities:

Reporting to the Head of the Regulatory Affairs Department, this role will be responsible for providing international regulatory support to the food and drink industry and leading a team of international regulatory affairs advisors.

A further and exciting part of the role will be working in collaboration with the commercial team at Campden BRI to lead the strategy to develop and grow the regulatory affairs business across all areas of the Department.
